

The National Burn Service invites applications for a **First National Education Grant**. The First National Education Grant will cover the *registration costs only* for either the

- **Emergency Management of Severe Burns**
- **Burn Rehabilitation Course** and
- **ANZBA ASM**

#### **Emergency Management of Severe Burns**

Developed by the Australian and New Zealand Burn Association, this is the emergency burn course of choice in the United Kingdom, South Africa, Holland, the Pacific, Australia and New Zealand. It comprises a manual and a one-day practical course teaching participants how to recognise, assess, stabilize and transfer a severely burnt patient during their first 24 hours of care. It is aimed at any health professional who may have to treat a major burn injury. More information on the course is available at [www.anzba.org.au](http://www.anzba.org.au).

The fund will cover registration costs but participants must apply to their own DHB for funding of travel, accommodation and study leave.

#### **Burn Rehabilitation Course:**

Developed by the Australia and New Zealand Burn Association, the Burn Rehabilitation Course is a one day intensive course designed to inform health providers regarding the assessment, treatment and complexity of rehabilitation of the burned patient. It covers both the physical and psychosocial aspects of burn rehabilitation and is presented within the biopsychosocial model of patient care. The BRC is aimed at all health care providers who may find themselves involved in the rehabilitation of a severely burnt patient. It will supplement existing clinical knowledge in the management of trauma patients with specific aspects and additional challenges associated with a burn injury. More information is available at [www.anzba.org.au](http://www.anzba.org.au).

This grant will cover the registration costs but participants must apply to their own DHB for funding of travel, accommodation and study leave.

#### **Australia New Zealand Burn Association Annual Scientific Meeting 2023**

The premier Australasian meeting for burn care professionals. Latest innovations and international guest speakers ensure all attendees are kept up-to-date with latest developments. Registration costs will be met, but participants must apply to their own DHB for funding of travel, accommodation and study leave.

Please find a link below to the application form for the First National Education Grant - please share this widely with your MDT, Paediatric and ICU colleagues.
